

DISCOVER HOMEOPATHY!

Dual Program with the American Medical College of Homeopathy (AMCH) and the Phoenix Institute of Herbal Medicine and Acupuncture (PIHMA)

Consider obtaining homeopathic certification and state registration while attending PIHMA. AMCH and PIHMA have developed an articulation agreement whereby students can complete both programs simultaneously or in a modified format extending one's studies for an additional year or two.

American Medical College of Homeopathy
Transforming Lives

New Class Starting - February 2009

900-hour Intensive Training Program in Classical Homeopathy

A 3-year, part-time, three-day weekend program with one third of the program clinical training. This program fully prepares students for national certification. Completed coursework can be applied towards our new Doctor of Homeopathic Medicine Program starting in February 2009.

Unique Aspects of the American Medical College of Homeopathy

- A diverse, professional faculty active in practice, research, education and writing
- Fully licensed school
- The only fully accredited comprehensive training program in the US
- Fully prepare graduates for certification exams (CHC, HANP, ABHt)
- A strong focus on research and provings
- Innovative curriculum and teaching methods
